*Driveway Instruction Sheet *Keep For Your Records *Do Not Return*

○ **1. OWNER of property will flag site, complete/sign application and return to the Henry County Road Dept. in person, by mail, or email listed above. The HCRD will process application and initial inspection for site approval, access type and pipe sizing.** Process may take up to 7 business days.

○ **2. After initial inspection, HCRD will contact you with the required access needed.**

_____ Dry Ramp _____ Culvert Pipe Size _____ Inches by _____ Feet

○ **3. Get pricing, check availability & choose an approved contractor for install from the list below.**

Henry County has not given contractors specific guidelines for installation to help accommodate your budget and needs. However, we highly recommend that driveways are at least covered with rock. Henry County is not responsible for contractors work. Contractor's license and proof of liability insurance were verified when added to the approved list. Please be specific with your contractor about the work you would like done and verify the contractor's licensing, insurance and warranty/guarantee for work completed.

New contractors can be added, but they must apply, meet the County requirements & be approved by the County Engineer.
